Tribco Inc.

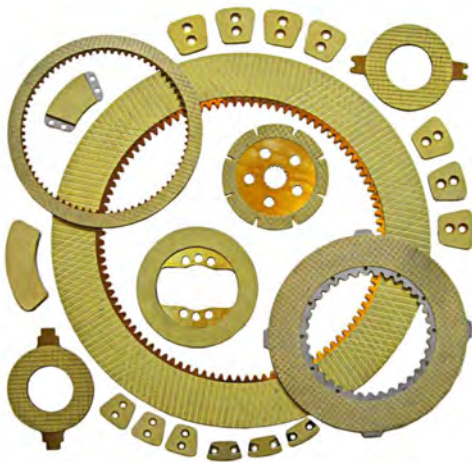

INCREASE UP TIME for your mobile equipment
REDUCE MAINTENANCE EXPENSE with **BRACKETEX®** | **CLUTCHTEX®**

SECURITY
SAVINGS
RELIABILITY

Tribco Inc.

Tribco, Inc. has provided customers with brake and transmission friction discs for mobile equipment and other applications for over 30 years. Braketex® and Clutchtex® equipped components have longer friction life ensuring increased equipment up time.

IMPORTANT **BENEFITS**

- Lasts at least **3 times longer** than conventional friction materials
- Will **not scratch** or damage metal rotors or opposing surface
- Withstands **higher temperatures** and heavier loads
- Engages **smoothly** and stops faster
- **Oils stay cleaner longer**
- **100% asbestos free**

**We offer
friction discs
for brakes,
transmissions,
and torque
converters.**

QUALITY 100% KEVLAR®
fibered textile composite lining

NEW
TECHNOLOGY

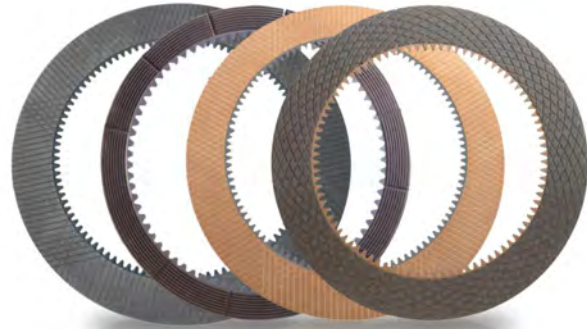

VS

OLD
TECHNOLOGY

✓ Say **YES** to longer wear life!

Specify brake and transmission discs lined with 100% KEVLAR® fibered textile composite **Braketex®** / **Clutchtex®** friction lining!

⊘ Say **NO** to planned obsolescence!

Be smart — switch from elastomeric, graphite, bronze, paper and other conventional linings that provide poor wear life.

APPLICATIONS FOR **UNDERGROUND & OPEN PIT MINES**

We stock brake and transmission discs for **Caterpillar®**, **Komatsu®**, **John Deere®**, **New Holland®**, **Kessler®**, **Volvo®**, **Terex®**, **Sandvik®**, **Toro®**, **Atlas Copco®**, **Wagner®**, **Dana Clark®** and many more.

*“Triple Disc Life for
brakes and transmissions”*
